2020-2021 Louisiana Hurricane Damage Survey

The Louisiana Department of Wildlife and Fisheries is working with Louisiana Sea Grant and the LSU AgCenter to assess economic impacts from recent hurricanes on marine fisheries-related businesses. We are requesting your input on a brief survey that will help us measure the economic impacts from the Hurricanes of 2020 and 2021.

We assure you that participation in this survey is completely voluntary and confidential. If you have any questions or comments regarding the questionnaire, please direct them to Rex Caffey (rcaffey@lsu.edu) or Jack Isaacs (jisaacs@wlf.la.gov).

Thanks in advance for your time and consideration.

Sincerely,

Patrick Banks Assistant Secretary/Fisheries Louisiana Department of Wildlife and Fisheries

Overview and consent

Background and Consent

What information is being requested?

This survey asks business owners and operators to provide estimates of the value of their marine fisheries businesses and any losses to those businesses that might have resulted from Hurricanes Laura, Delta, or Zeta in 2020 - or Hurricane Ida in 2021.

How will the information be used?

Responses from this survey will be combined with wind and surge data to estimate the economic

impacts of these hurricanes in different coastal areas.

What is the benefit to me as a respondent?

Your participation will ensure that a timely and accurate report is available in support of federal aid requests and future recovery programs for Louisiana's fishing communities.

Is the survey voluntary and confidential?

Yes. The survey is voluntary and all responses are confidential. You may change your mind and withdraw at any time without penalty or loss of any benefits for which you might be otherwise entitled.

How long does the survey take?

The estimated time to complete the survey is 10-15 minutes.
